

Welcome to Maryland MyIR!

MyIR™ stands for My Immunization Record, a public portal that can securely pull vaccination records from ImmuNet, Maryland's Immunization Information System (IIS). All users must be 18 years or older. Once registered with MyIR™, you will be able to obtain official vaccination records for daycare, camps, schools, or employment, if you or your children were administered vaccinations in the State of Maryland.

By referring to **Maryland MyIR User Guide** you will be able to:

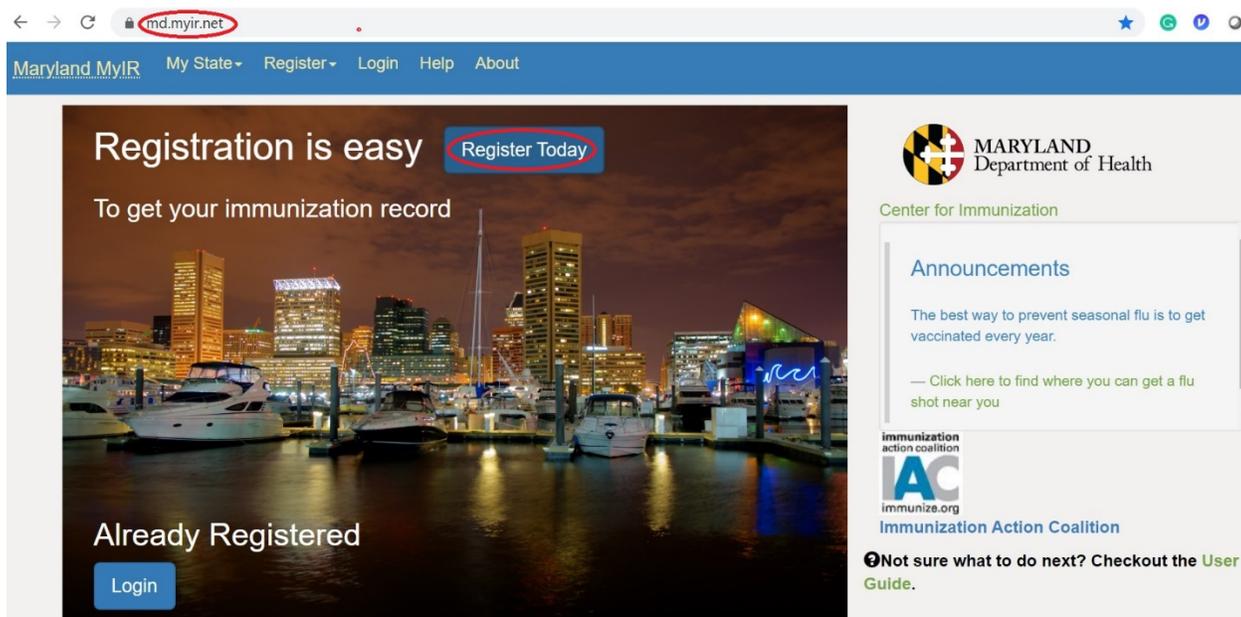

- [Register in Maryland MyIR](#)
- [Add Dependent\(s\)/Children](#)
- [Follow the Steps for Online Verification Results When a Match is Found/Record Located](#)
- [View/Print Immunization Record\(s\)](#)
- [Download Certificate\(s\) of Immunization](#)
- [Request Assistance when a Match is Not Found/Record Not Located](#)

Register in Maryland MyIR

Step 1 – Account Set Up/Registration

To go to the Maryland MyIR portal, type [md.MyIR.net](https://md.myir.net) into the address bar of your internet browser and press **Enter**.

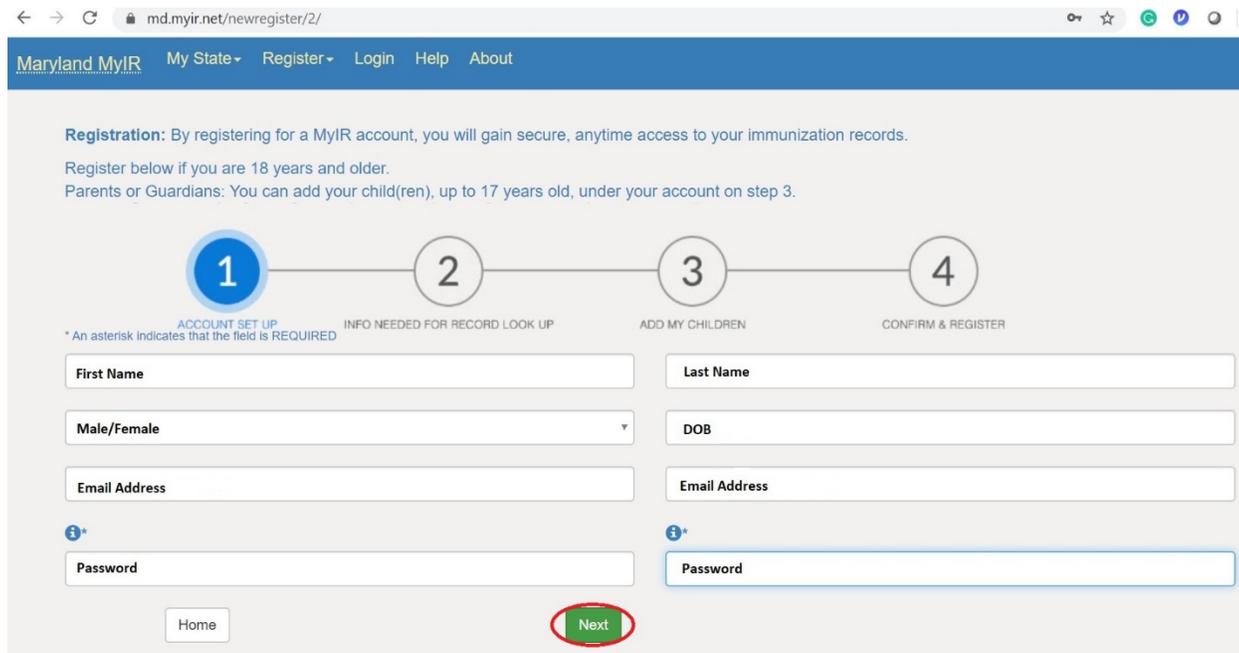

- Click on **Register Today** button (as shown in the photo below).

The screenshot shows a web browser window with the address bar containing md.myir.net. The website header includes navigation links: Maryland MyIR, My State, Register, Login, Help, and About. The main content area features a large image of a city skyline at night with boats in the foreground. Overlaid on this image is the text "Registration is easy" and a blue button labeled "Register Today". Below this, it says "To get your immunization record". In the bottom left corner of the main area, it says "Already Registered" with a blue "Login" button. On the right side, there is a sidebar with the Maryland Department of Health logo, the text "Center for Immunization", and an "Announcements" section. The announcement states: "The best way to prevent seasonal flu is to get vaccinated every year." and includes a link: "Click here to find where you can get a flu shot near you". At the bottom of the sidebar, there is the Immunization Action Coalition (IAC) logo and the text "immunize.org Immunization Action Coalition". A note at the bottom of the sidebar says: "Not sure what to do next? Checkout the User Guide."

- Enter your **First Name, Last Name, Gender, Date of Birth, Email Address, and Password** for your account. Once done, click on the **Next** button.

Registration: By registering for a MyIR account, you will gain secure, anytime access to your immunization records.
Register below if you are 18 years and older.
Parents or Guardians: You can add your child(ren), up to 17 years old, under your account on step 3.

Step 2 – Info Needed for Record Look Up

- Enter your **Phone Number, Address, City, State** and **Zip Code**. Please remember that when filling out the fields below, the system will attempt to match your personal information with what is on record in ImmuNet. Next to the phone number field, select if you want to receive a SMS text or phone call for your PIN code/verification code. If there is a record match in ImmuNet, you will receive either a SMS text or phone call with your PIN code/verification code.

You will be receiving the verification code by either a voice call or a text message from 774-700-5020 depending on your selection. Please ensure your phone will be able to be contacted from this number.

Step 3 – Add Dependent(s)/Children

- To request records for your child who is under the age of 18, select the green button titled, **add dependent**.
- Type in each box the **First Name, Last Name, Date of Birth** and **Gender** for the child that you are requesting records for.
- If you need to add more dependents, click on the add dependents button and repeat the process for each of the additional dependent. To remove a dependent, select the remove button that is under the dependent's information.
- If you are not entering any dependents select **Next**.

Registration: By registering for a MyIR account, you will gain secure, anytime access to your immunization records.

MyIR V 2.0

*Note: You can also add dependents after you have successfully registered on the main home page.

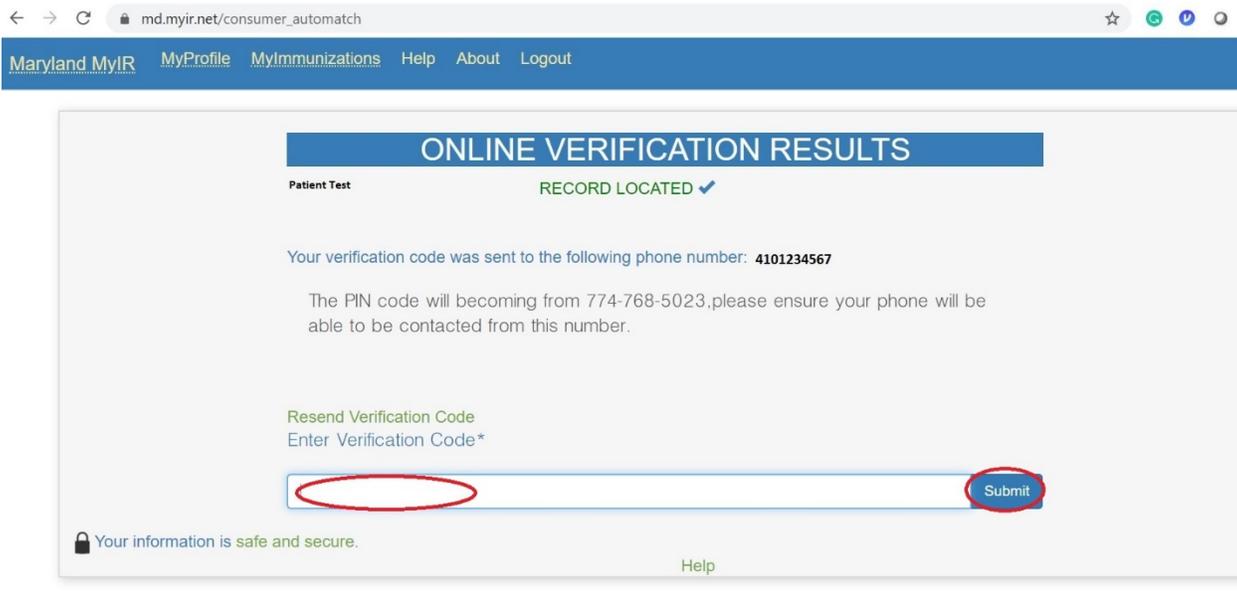

Step 4 – Confirm & Register

- Choose how you found out about MyIR™ from the drop down menu.
- For security purposes, in the blank space, enter the word displayed on the left to confirm and complete your MyIR™ registration process.
- Then, check the box next to the following agreement, 'I agree that I have read and accepted the Conditions of Use and our Privacy Notice'.
- You can also mark the optional check box next to 'I'd like to receive occasional promotional offers and health and wellness related news from MyIR'.
- Click on the **Next** button then click **Register Now**.

Steps for Online Verification Results When a MATCH is FOUND/RECORD LOCATED

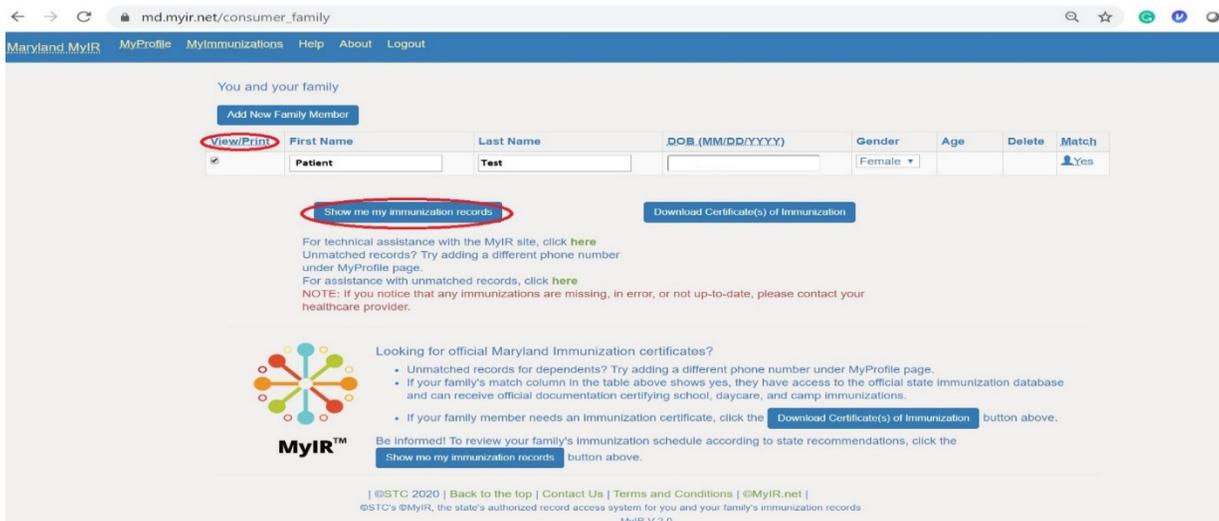

- When a match is found or record located in ImmuNet, it will take you to the **Online Verification Results** page and you will be able to enter the PIN code/verification code that is sent to your phone via SMS text or phone call. After you enter your **PIN code/verification code**, click on the **Submit** button.

View/Print Immunization Record(s) (for employment requirements and other purposes)

- When the status under the **'Match'** column is **'Yes'**, you can view and print your immunization record(s) by placing a check mark on each box under the **view/print** column (located before the First Name field) and clicking on **'Show me my immunization records'** button.

Records Request Form

Maryland's Immunization Information System (ImmuNet) is a secure web-based registry operated by the Center for Immunization at the Maryland Department of Health (MDH). ImmuNet information is confidential, HIPAA and FERPA compliant, and available only to authorized users, and will not be released to third parties without written consent.

clients can access their individual and/or child's immunet records directly through the [ImmuNet](#) portal at [md.myir.net](#). This form is to be completed by clients who have trouble accessing their vaccination records in [ImmuNet](#) (if demographic data do not match) or by out-of-state providers. Maryland providers who are [authorized users](#) can access their patients' records by signing up for [ImmuNet access lists](#).

Please provide complete information below to access/receive vaccination records. An email, fax number, or address (to send the record to) is required for a prompt response.
