Dear Health Care Provider:

The Center for Cancer Prevention and Control at the Maryland Department of Health would like you to consider participation in the Breast and Cervical Cancer Diagnosis and Treatment Program. It is designed to help low-income, Medicaid ineligible, women and men in Maryland who qualify for the program, to receive diagnosis and treatment for breast and cervical cancer.

Access to state-of-the-art treatment is a critical element needed to reduce mortality from either of these cancers. Funding to pay for diagnosis and treatment was made available starting in fiscal year 1993. The Center for Cancer Prevention and Control developed regulations governing the Breast and Cervical Cancer Diagnosis and Treatment Program and was charged with the responsibility for their administration. The success of this Program is dependent upon the participation of all providers involved in the diagnosis and treatment of breast and cervical cancer. If you are interested in providing services for this underserved population, have questions concerning the Program and/or would like a copy of the regulations please contact Patricia Harvey at (410) 767-6787.

Sincerely,

Ken Lin Tai, M.D., M.P.H.
Director, Center for Cancer Prevention and Control

BREAST AND CERVICAL CANCER DIAGNOSIS AND TREATMENT PROGRAM
Maryland Department of Health
Prevention and Health Promotion Administration

This agreement is entered into between the Maryland Department of Health ("the Department") and ____________________________ ("the Provider") by ____________________________, the Provider’s duly authorized representative (in the case of a group, institutional, or corporate provider), to provide covered services for breast and/or cervical cancer diagnosis and treatment to Program eligible individuals in accordance with COMAR 10.14.02. The provider is advised that the applicable regulations may differ significantly from those of other third-party payor programs.

I. THE PROVIDER AGREES:

A. To comply with all applicable requirements or the Breast and Cervical Cancer Diagnosis and Treatment Program as well as any other applicable regulations, transmittals, and guidelines issued by the Department. The provider acknowledges his responsibility to become familiar with those requirements.

B. To maintain adequate records which fully describe the nature and extent of all goods and services provided and rendered.

C. To provide covered breast and/or cervical cancer diagnostic and/or treatment services for uninsured patients at the current Medical Assistance reimbursement rate or, if the provider is a hospital, at 94% of the current HSCRC rate.

D. To provide breast and/or cervical cancer diagnostic and/or treatment services for insured patients at the rate approved by the patient’s health insurer. The Program will reimburse the patient contribution amount and deductible for all insured patients.

E. That if the provider is a pharmacy, the Program shall reimburse the patient contribution amounts (deductible and co-payment) for insured patients.

F. That if the provider is a home health agency, the Program shall reimburse at the rate per visit set by Maryland Medicaid.

G. That if the patient has insurance, to seek reimbursement from that source first. If reimbursement is made by both the Program and the insurer, the provider shall refund to the Department, within 60 days of receipt, the amount reimbursed by the Program or the insurer, whichever is less.

H. To accept as payment in full the amount reimbursed by the Program and/or the patient’s health insurer for the service rendered and not seek additional payment from the patient. To accept responsibility for the accuracy of all claims submitted to the Program.

I. To attest that all claims submitted under the provider number shall be for services rendered for breast and/or cervical cancer diagnosis and/or treatment.

J. To assume liability for the procedures and/or services rendered.

The Provider shall notify patients, prior to rendering additional services, of withdrawal from the Program.

B. That the effective date of this agreement shall be the date on which it is signed by the Provider. This agreement shall remain in effect until such time as it is terminated by either party pursuant to the terms of this agreement. Termination of this agreement shall not discharge the obligation of the Provider with respect to services or items furnished prior to termination, including retention of records and restitution of overpayments.
